PARENTING PROGRAMS

Parent Cafés

A Parent Café is a meeting of parents, for parents. It's designed to help parents connect, share, and learn from one another in a casual, open environment. Parent Cafés help parents strengthen their parenting skills, learn how to respond to crisis situations, and grow to become effective, supportive, and resilient.

Triple P

Triple P is designed to support parents at every step of their journey, providing help and guidance to families when they need it. The course aims to create supportive family environments and to prevent, as well as treat, behavioral and emotional problems in children and teenagers.

24/7 Dad

This course, taught by dads, is designed for fathers of infants and/or children age(s) 12 and younger. This curriculum helps dads understand and fulfill the critical role they play in their children's lives.

We're here to help **parents** be the best they can be.
